

Focus

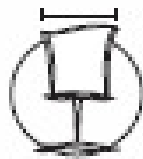

Features:

Focus has been designed with a unique flexible back rest, with discreet joints that move independently. The synchronised adjustment mechanism moves the seat pan and back rest in tandem.

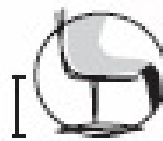

- Tension adjustment, regulates tilting tension for different user weights
- Moulded foam
- Protective outer back cover
- Gas lift height adjustment
- Raked star base
- Available in high back or medium back
- QA rated AFRDI level 6

Options:

- Height adjustable arms
- Seat slider for depth adjustment
- Hi Arch polished alloy base
- Soft wheel castors
- Fixed height
- Swivel only
